MVPS-G3-T plotter system.

Fully functional and portable! Are mobility and quality in labelling important to you? The new MVPS-G3-T plotter has been specially designed for labelling on the go. The transport case, with its integrated rollers, helps you bring the MVPS-G3-T to any location, while providing optimal protection in transit. Simply remove the protective case, establish the power supply and connect the plotter to the laptop and you're ready to begin. The MVPS-G3-T is a fully functional labelling system. Three different labeling materials (label plates, sheet labels, Duomatt) can be inscribed with top quality results. The proven ACS software and the comprehensive plotter accessories for the MVPS-G3 can also be used for this mobile unit. The MVPS-G3-T makes a professional impression with its mobility, stability and high inscription quality. Advantages at a glance:

- On-site labelling
- Integral rollers
- Compatible with aircraft
- Pen-Station guaranteed writing readiness - no drying-up of pens
- 3 Labelling materials: Label plates, labels, Duomatt
- Partial labelling of the materials is also possible
- Top-quality typeface from the first to the last label
